

User Guide

Main Menu

Book Ticket

A screenshot of a web browser window titled "Passenger Login". The window has a dark blue background. In the center, there are two white input fields: the top one is labeled "Username" and the bottom one is labeled "Password". Below these fields is a white button labeled "Login". At the bottom center, there is a link labeled "Sign up" in a lighter blue color. The browser window's title bar shows standard minimize, maximize, and close buttons.

This will open the Passenger Login window. Here you can log in or sign up for a new account.

Use this to log in:

Username: preciouso@gmail.com

Password: friends

This will take you to the Passenger Dashboard

Name	Route	Start Time	Departure Time	Stops
Morning	Downtown	08:30	08:50, 09:00, 09:50, 10:...	Main St & 6th St, Bro...
Evening	Downtown	15:00	15:50, 16:00, 16:50, 17:...	Main St & 6th St, Bro...
Afternoon	Downtown	12:30	12:50, 13:00, 13:50, 14:...	Main St & 6th St, Bro...
7th Ave Morning	7th Ave	08:00	08:20, 08:40, 09:00, 09:...	Washington, Van Bur...

Here you can View Ticket History, Update Profile, Book Ticket, or Log Out.

If you log out to the main menu, click Book Ticket again, and at the Passenger Login, click Sign up instead of log in. It will take you to the Passenger Sign up window.

Passenger Sign up

A screenshot of a web browser window titled "Passenger Sign Up". The window has a dark blue background. In the center, there are five white input fields stacked vertically, each with a label: "Name", "Phone Number", "Email", "Password", and "Confirm Password". Below these fields is a white button with the text "Sign Up". The browser's title bar is visible at the top, showing the window title and standard minimize, maximize, and close buttons.

Passenger Sign Up

Name

Phone Number

Email

Password

Confirm Password

Sign Up

Enter your information in all the boxes and click Sign up. You should now be able to sign up with your email as your username and the password you entered to book a ticket.

Back at the main menu, if you click View Schedules, it will open the Today's Schedule window

Today's Schedule

Today's Schedule				
Name	Route	Start Time	Departure Time	Stops
Morning	Downtown	08:30	08:50, 09:00, 09:50, 10:00, 10:50	Main St & 6th St, Broadway & 6th ...
Evening	Downtown	15:00	15:50, 16:00, 16:50, 17:00, 17:50	Main St & 6th St, Broadway & 6th ...
Afternoon	Downtown	12:30	12:50, 13:00, 13:50, 14:00, 14:50	Main St & 6th St, Broadway & 6th ...
7th Ave Morning	7th Ave	08:00	08:20, 08:40, 09:00, 09:20, 09:40, 10:...	Washington, Van Buren, Roosevelt...

This window shows the available schedules with information about the route, times, and bus stops. Go back to the main menu and click employee login. This will take you to the employee login window.

Employee Login

Employee Login

Username

password

Login

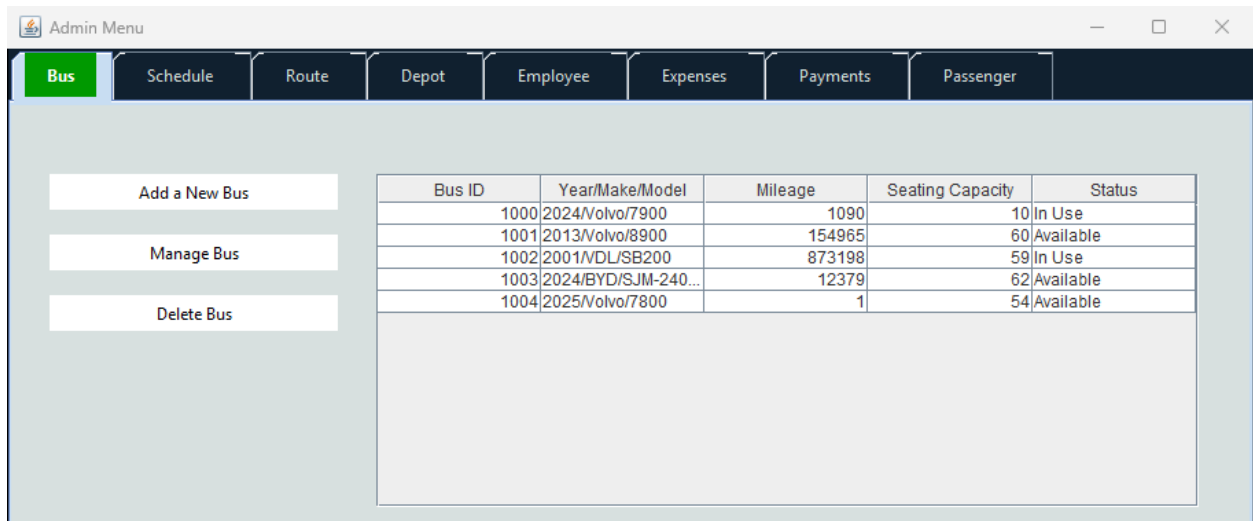

Here you can log in as an admin or as a driver. To log in as an admin use:

Username: JohnDoe@buscompany.com

Password: password

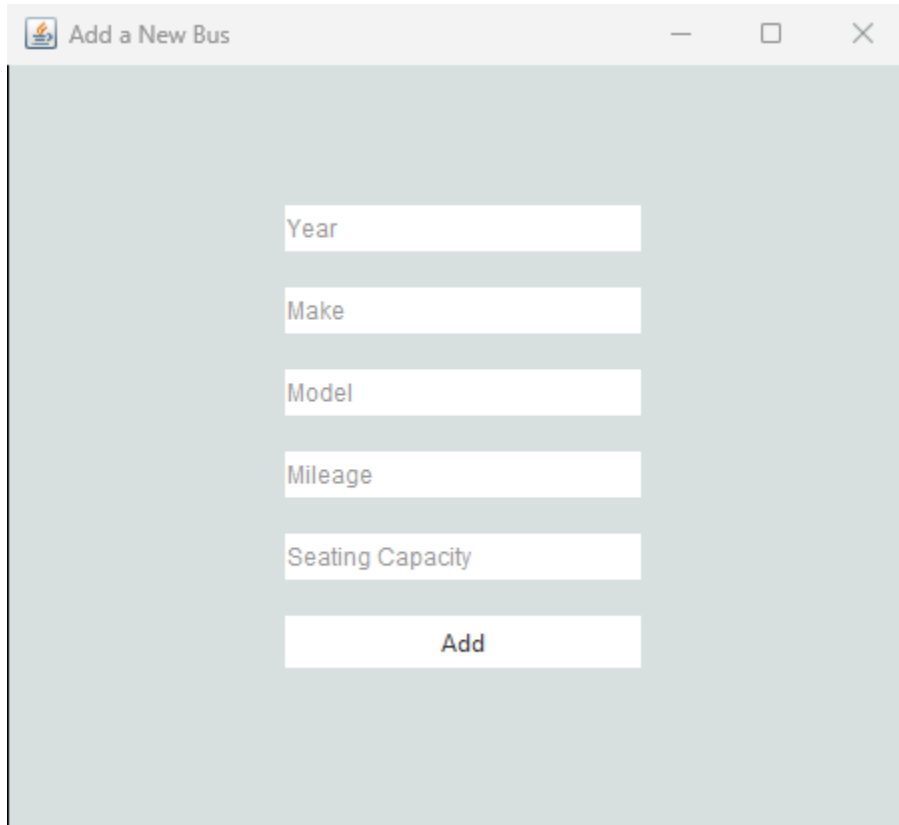

Click on login. This will take you to the largest part of the program, the Admin Menu window.

Admin Menu

The admin menu is a tabbed window where you can create, modify, remove, and search for all the objects in the program. Let's start with Bus. To add a new bus, click on Add a New Bus. This will open the Add a New Bus window.

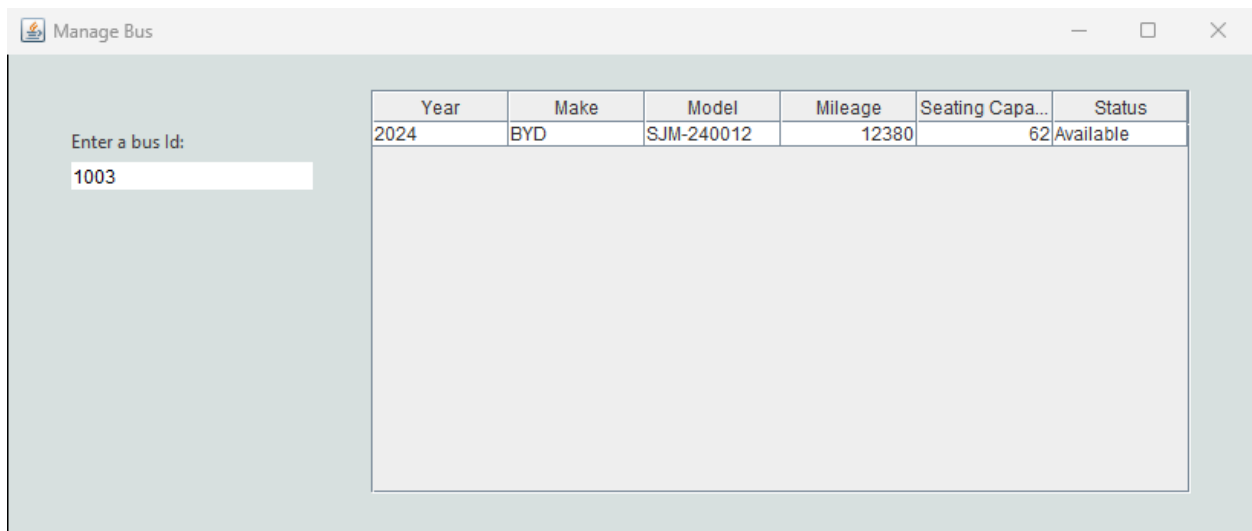

Add a New Bus

The screenshot shows a window titled "Add a New Bus" with a standard macOS-style title bar (red, yellow, and green buttons). The window has a light gray background. In the center, there are five white input fields stacked vertically, each with a label in gray text: "Year", "Make", "Model", "Mileage", and "Seating Capacity". Below these fields is a white button with the text "Add" in black.

Enter the information for a new bus and click on Add. Year, Mileage, and Seating capacity should be integers. Make and Model should be Strings. The window will close, and the new bus will be added to the table. Click Manage Bus to edit a bus. This will open the Manage Bus window.

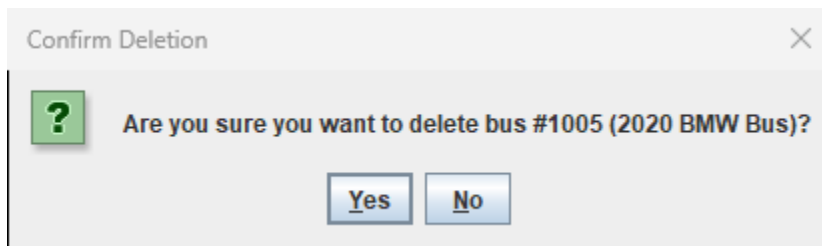

Manage Bus

Year	Make	Model	Mileage	Seating Capacity	Status
2024	BYD	SJM-240012	12380	62	Available

Enter a Bus ID in the window to search for a bus. The Bus IDs are integers. Enter a bus ID, try “1003” and hit enter. This will load the bus into the table. Here, you can double-click on Mileage, Seating Capacity, or Status to edit those values. After you edit the values, hit enter, and the bus table will update.

Delete Bus

Confirm Deletion

Are you sure you want to delete bus #1005 (2020 BMW Bus)?

Yes No

Back in the admin menu, if you click on a bus in the table and click Delete Bus, it will delete the selected bus with a confirmation pop-up window.

Other menus

The other menus work the same for adding, editing, and removing objects. Here are the expected inputs with examples for the other objects:

Schedule

Name: String “Morning”

Route ID: String "R-1000"

Depot ID: Integer "1000"

Start Time: Float "8.30" Use a decimal instead of a colon. 8.30 not 8:30

Departure times: String "8.0, 8.20, 8.40"

Route

Route ID: String "R-1000"

Route Name: String "7th St"

Stop Name: String "Washington St"

Distance to Next Stop: float "1.0"

Depot

Address: String "234 W 2nd St"

Employee

Employee ID: String "A-1000"

Name: String "Jon Doe"

Job Title: String "Admin" Needs to be either "Admin" or "Driver"

Email: String JohnDoe@buscompany.com

Phone number: String "5556124564"

Salary: Float "40500.00"

Expenses

Cost: float "500.0"

Payments

Payment ID: Integer "1000"

Name: String "Robert Smith"

Cost: float "3.0"

Passenger

Passenger ID: String "P-1000"

Name: String “Robert Smith”

Email: String Robert.smith@gmail.com

Phone Number: String “5052314543”

Manage Route Assignment

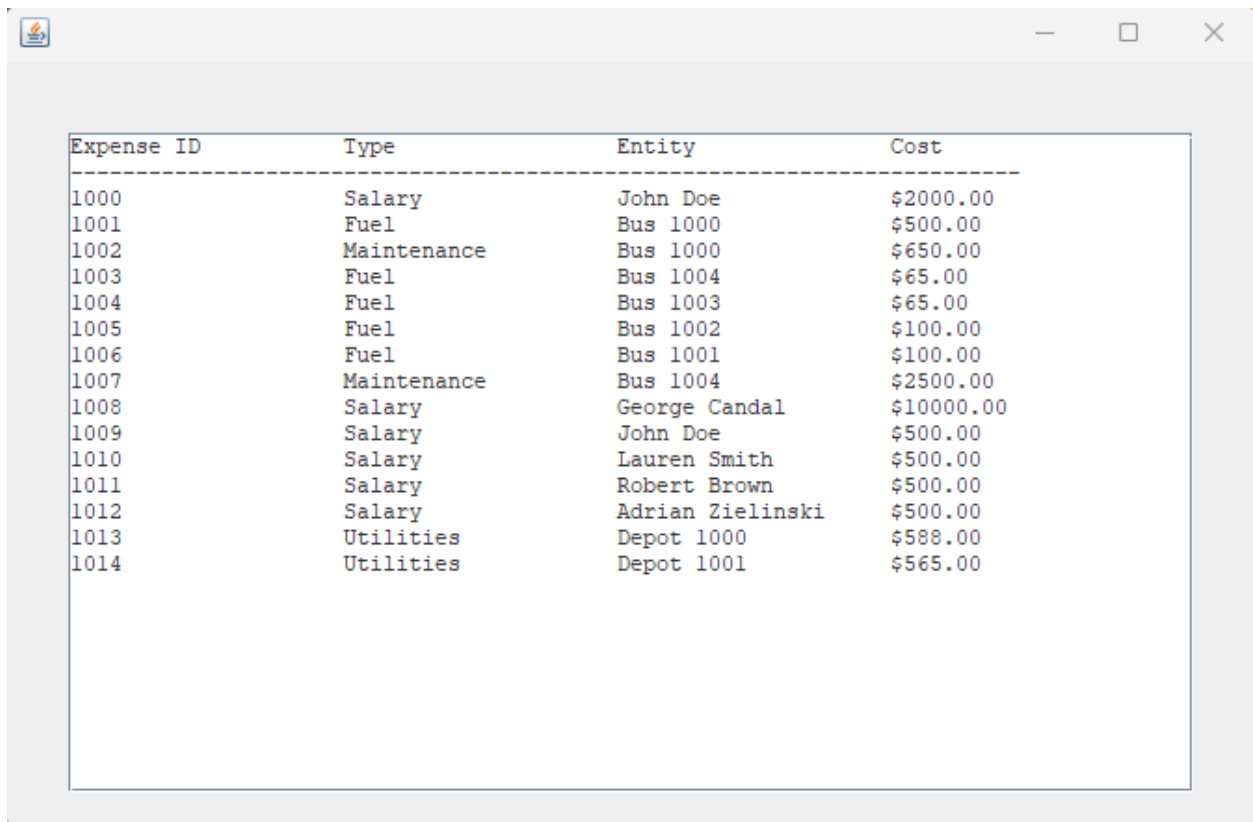

There are a few other features in the admin menu. In the route tab, select a route and then click on Manage Route Assignment. Try clicking on route R-1001 and assigning bus 1001 to the route. All bus IDs are integers.

Assign a Bus to a Depot

In the Depot tab, select a depot and click Assign a Bus to a Depot. It will ask for the Bus ID of the Bus. All bus IDs are integers.

Reports

In the Expenses tab and the Payments tab, the top button will generate a report in a new window. Click the button to see the report.

A screenshot of a web application window with a light gray border and standard window controls (minimize, maximize, close) in the top right corner. The window contains a table with four columns: 'Expense ID', 'Type', 'Entity', and 'Cost'. The table has a dashed line under the header row. The data rows are as follows:

Expense ID	Type	Entity	Cost
1000	Salary	John Doe	\$2000.00
1001	Fuel	Bus 1000	\$500.00
1002	Maintenance	Bus 1000	\$650.00
1003	Fuel	Bus 1004	\$65.00
1004	Fuel	Bus 1003	\$65.00
1005	Fuel	Bus 1002	\$100.00
1006	Fuel	Bus 1001	\$100.00
1007	Maintenance	Bus 1004	\$2500.00
1008	Salary	George Candal	\$10000.00
1009	Salary	John Doe	\$500.00
1010	Salary	Lauren Smith	\$500.00
1011	Salary	Robert Brown	\$500.00
1012	Salary	Adrian Zielinski	\$500.00
1013	Utilities	Depot 1000	\$588.00
1014	Utilities	Depot 1001	\$565.00

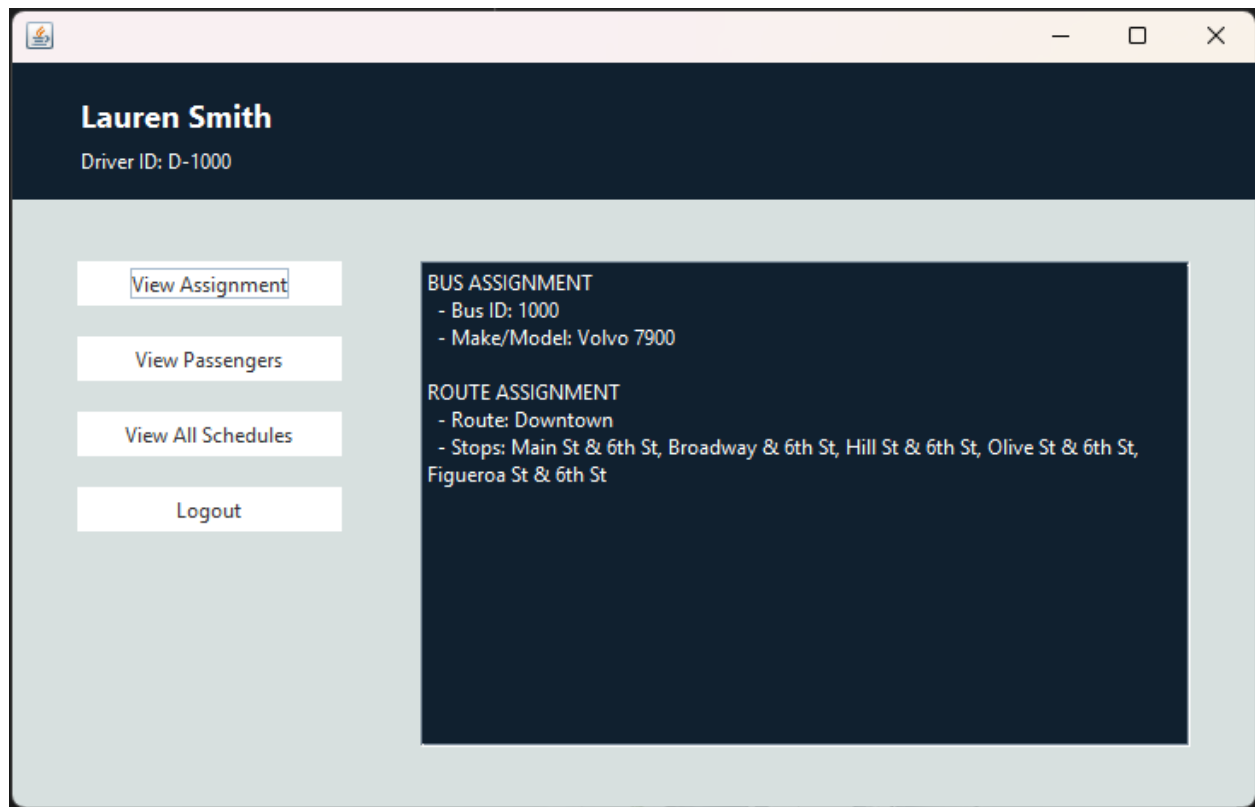

Driver Menu

Exit out of the admin menu to go back to the main menu. Click on Employee Login again. This time, log in as a Driver.

Username: LaurenSmith@buscompany.com

Password: password

This will open the Driver Menu.

Here, the Driver can view their assignment, the passengers that have purchased tickets for their route, the schedules, and log out.
